Located within the Moorabbin Airport district, the planes are both on the ground and constantly flying overhead. There are the most incredible planes on display, including some super rare and unique aircraft, and the best bit - you can sit in most of them! The kids will LOVE sitting in the actual cockpits of some of these jets, helicopters and commercial airliners. Even the youngest kiddo knows to push the buttons and pull the throttle. There is heaps to learn about the military history of these machines, as well as Australian aviation history. Mamma's personal favourite is the John Murray, complete with air hostess, airline seating and cockpit. Keep your eves and ears out for the last weekend in October for the Family Cockpit Open Weekend. Although there are even more on offer over this weekend plus extra family fun activities. Mamma's special mention: For more plane watching action - and for a bite to eat and a coffee - head to The Flight Deck Bar and Grill that is just around the corner from the museum. From here, you can see the airport and sit outside in a fully fenced and has a great view of the runway. Special Note - On October 26 and 27th - The Family Open Cockpit returns. Family Entry is only \$20. You can feel what it's like to be a Pilot my checking out 20 different cockpits. Myuna Farm Nursery will also be there, as well as Star Wars characters, a sausage sizzle, food vans and more! The Museum's objective is to tell the story of both the people and machines that made Australia's rich aviation heritage. We are the oldest and rarest in the world. The aim of the Museum is to collect, restore, preserve and display Australia's extensive aviation and aviation manufacturing heritage. Over 300 members ranging from 14 to 95 years old regularly attend the Museum and work on aircraft, restorations, maintenance or even running the front shop and providing tours. We welcome all new volunteers or members and no experience is necessary as we provide many levels of training for the various aspects of the Museum. Children's Birthday Party The Museum Hangar for hosting function, use of table and chairs, use of BBQ if required and a tour guide will be made available if requested at the time of booking. Description We are the largest volunteer based NFP aviation. Some are the rarest surviving examples in the world, and our archive is one of the biggest in the Southern Hemisphere. By giving to us, you are ensuring the ongoing preservation of the aircraft, but in addition to that, you will be helping us as we support youth in our community, whether it be through the Museum Youth Group - The Winjeels, The Australian Air League, or the local Air Scouts. As part of the youth engagement we also provide training and assistance for those seeking aviation related careers, be it pilot, engineer or part fabricator. Our Museum is about to expand to double the size, and we need your support to help us raise funds for the new building and create education resources and training programs. Any amount is welcome, but larger amounts can be acknowledged on a donors wall. Back to charity directory
